Subject: Re: Duane Marine - fyi -- note on next steps

I spoke with Mike VanItallie and John Prince.

They have an access agreement with Anchor Marine to do the Pre-remedial assessment. The NJDEP has been asked to give their opinion and whether or not they wish to refer site for NPL or Removal action.

Until we hear back from Mike, John, and Denise: we will place our removal sampling and assessment **on hold**.

They are working with the State, the City of Perth Amboy and a potential developer on next steps on this State lead site.

If there is no resolution, they may still ask us to complete the removal assessment.

John,

I am the attorney for the Duane Marine Site. We have an access agreement from Site owner, Anchor Marine, which we obtained for the preremial site investigation. However, I would like to talk to you about a few issues concerning the Site. I'll be in the office until 10:00 and then I'll be unavailable for the rest of the day. Let's try and talk tomorrow morning. Otherwise, I'll be available all day Friday.
